

WILTON BOARD OF CEMETERY TRUSTEES

PO Box 83 Wilton, NH 03086

Wilton Cemetery Trustee Meeting, Minutes 5/28/2013

6:30 PM, South Yard Cemetery Brian Adams- Chair,
Steve Elliott- Sec., John Jowders

Trustees met with Dawn Tuomala at South Yard Cemetery to discuss boundary issues and it was resolved, with a suggestion to place granite bounds in two locations.

Moved meeting to Town Hall at 7:10PM.

Discussed a letter received by a Peterborough resident concerned with the cutting of the trees at South Yard and if there will be continued work to beautify and possibly reset the disheveled stones. Steve explained that the very large Pine trees were cut to reduce the acidic soil, prevent further damage from falling limbs and/or possible trees, and to stop further extensive damage from roots of said trees. Obviously there has been many years of neglect and we need to start reducing these large old trees from disrupting the monuments and stones in all of our cemeteries, as budget restraints allow.

Discussed the “No Monuments” allowed area of the Laurel Hill Cemetery, and Steve shall research when and why this was enacted, to possibly reverse this decision.

Discussed placing two granite bounds at South Yard, all in favor, shall contact Monadnock survey and get a price.

Meeting adjourned at 7:55
